

Missionary Volunteer Program

August 2026

“Shikamo” (Greetings) Praying Friends,

We are safe and busy serving in Tanzania! We arrived on Aug 15th after two days of travel, and we’re so thankful to be here! The church we are serving with is Faith Baptist Church, Morogoro, Tanzania. The missionaries on furlough are Bro. Jerry and Rachel Wyatt and family.

There’s a lot going on over here!

Every week ministries include:

- Two main services on Sunday (Swahili and English)
- Saturday Bible clubs
- Soulwinning Outreach ministry
- Boys’ Christian Character class
- Maasai Bible Study
- Daily Feeding ministry
- Public School ministry
- And more...

The congregation is full of friendly, welcoming folks. Several staff members remember us from our previous visits back in 2012 and 2018. And many of them were kids who grew up at this church.

Joanie and I teach every week, and I’m also preaching some Sunday and Wednesday services, too.

We’re blessed to have the Montana Morrow family on staff here, who have been so kind to help us get settled in and acclimated to the local culture. Bro Montana was called to serve in Tanzania back when he was 14 years old when the Lord spoke to his heart about serving abroad after he heard a message about the need for laborers by Bro Wyatt!

We have been very healthy and busy avoiding potholes and “natural speedbumps” on many of the unpaved, red-dirt roads around here.

We’re thankful that the home we’re staying in has both solar power and a battery backup system; so when the power goes out (which happens often), our lights and ceiling fans continue to operate.

Our hearts have been touched by the huge impact the ministry has on reaching children and young people! It’s exciting to see the scores of kids that are involved in the church programs. This is especially refreshing as we see that the growing popularity of the Muslim religion in this part of the world continues to grow.

In the upcoming weeks, Joanie will speak at a Ladies’ Meeting and I will be making a day-trip with Bro Montana to visit a remote church-plant, located north of our area.

For a Greater Harvest, *Darrell and Joanie Bolton*
