

April Prayer Letter

April 2023

Dear pastor and the church,

I am glad that the Lord is with me and taking care of me. When I left Lamu county, there was an attack made on my village by the terrorists. Thank God nobody was killed, but when I returned, I found that my house was attacked. There were five bullet holes in the door. In spite of the danger, I still slept there for two days. I have now gone to another place in another county where I have started a new church with three families there. They have joined together to build a church and use one of their houses for the church meeting. God is blessing there.

Please pray for me because in spite of hardness, I will still go back to Lamu, and if God will allow I will also build a church there. Please pray for me and the danger of the terrorist threat in Lamu county.
