

Missionary Volunteer Program

Oct 2024

Dear Ministry Partners,

Thank you for your prayers!

While we were out of state, hurricane Milton hit the west coast of Florida as a category 3 storm; but as it moved east, a dry air mass over our county helped deflate the impact considerably. When it passed our home and home church it was down to a cat 1 storm. We were so thankful! Our home only experienced a few torn patio screen panels, and the church had mostly palm fronds and debris that needed to be cleaned up!

Joanie and I had a sweet visit with relatives in California and Nevada. We're thankful for the Lord's perfect timing in that the one Sunday we were there, I was able to preach both the morning and evening services at Bible Baptist Church in Marysville, CA. The pastor and several men were away on a hunting retreat. We had a great time of ministry and fellowship. We missed their annual Chili cookoff by one week! ...maybe next year! We were thankful to spend time visiting several church families at Lumberjack's restaurant after Sunday's morning service.

This month we were blessed to be booked for a Missions' meeting in Texas this February! We're so thankful to be included in a conference that highlights the need and impact of Missions' ministries!

Also, we heard from a good Independent Baptist Church in **Guam** that asked us to pulpit-fill for two months next spring. We plan to help them and we look forward to encouraging several missionary families while we're there!

Back home in Florida, we ministered with our church's ACTS outreach program, and had a great "Roundup Sunday," which is the annual western-themed service and pot-luck meal at Victory Baptist Church.

Please pray for us as we travel to serve in Thailand for two weeks in November. We will be preaching and teaching several times for two churches.

Our daughter-in-law will start a new treatment on Nov. 7th, an infusion every 3 weeks for a year. Please pray for no side effects as she battles her Lymphoma.

Thank you for your prayers for Heather, and for MVP Missions.

For a Greater Harvest,

Darrell Bolton
