

Our first Furlough has begun!

An update from

Timothy and Jennifer Bundy

We are now two months into our furlough meetings! We are in awe at how the Lord has blessed and encouraged us by so many wonderful churches!

Furlough Adventures – 1. Please pray for us to have good health as we travel. We all three just had a terrible stomach flu for almost a week straight. Thankfully, we were only traveling one day during this time (LA to TN, surviving only with the help of the Lord!), and God provided a wonderful prophet’s chamber to recover in. 2. Please further pray for our safety on the roads. We have now driven 12,000 miles in two months. During a recent drive, two tires failed after we hit a pothole on the highway: one bulged, and another ripped apart. Praise the Lord that neither tire’s damage caused us to wreck, and we made it to a nearby tire store. As we waited for new tires, I was able to witness to the store owner, who had so many questions I was able to answer from God’s Word. 3. Please pray for a hedge of protection around our family. We woke up the day after a church meeting to Jenn’s Dubai surgeon calling in great frustration that we have now passed the 90-day cutoff for insurance to pay for her surgery, and she would now be sued in their courts for the full cost of the surgery. We immediately sought the Lord and then reached out to BIMI. They found that her surgery, though it had been guaranteed payment, had now been denied coverage. They worked hard on our behalf, and the Lord took care of everything with our insurance covering the entire surgery. What could have ruined all future relations with this exceptional Muslim surgeon turned into an opportunity to share our testimony as Christians with him.

We’ve often seen God turn suffering and problems into blessings and opportunities to witness. It’s eye-opening to see how easily sudden sicknesses and situations could derail our plans without the grace and sovereign leading of God. How wonderful it is that we can fully trust in Him as we live according to HIS plan!

Vehicle – We ask that you sincerely pray for the Lord to provide the funds for us to purchase a vehicle when we return from our furlough and start planting our first church. Please consider taking part. This is a huge need of ours, but we serve a mighty God! We are praising the Lord for a few churches that have already given in the last two months, and several more that have committed to give towards this need! God is always so good!

We love you all and thank you for your continual prayer and support. Your friends, Timothy and Jennifer Bundy

Prayer Requests

- For the Lord’s financial provision.
- For the Lord to provide us with the necessary funds for a vehicle.
- For the Lord to give us complete peace, clarity, and direction on where to plant our first church, possibly an area named Kotebe.

Praises

- We were threatened with a massive lawsuit by Jenn’s Dubai Hospital because our health insurance, though they had given a guarantee of payment before the surgery, was now refusing to pay. After much prayer and help from BIMI, the Lord worked it out, and Jenn’s surgery has now been fully paid for!

Pictures

1. We had a wonderful Easter!
2. Charles wanted to help with all the driving!
3. Praise the Lord for His protection and travel mercies, as our tire hit something, it didn’t completely explode and cause us to wreck.
4. Charles loves wearing his Ethiopian clothes!
