

FIRST BAPTIST CHURCH OF
NAWONG
คริสตจักรเพิร์สแบพติสต์นาวง

Friends and Supporters,

I am thankful for your continued sacrifice for our ministry here in Thailand! Every update is a massive update and one that is super important to me. God has been blessing us in many ways. We just returned from the country of Laos to change my wife's visa to a missionary visa. The trip to Laos was an eye opening trip as always. We are anxious now that the borders are open, to get back over to our church plant in Cambodia. Chan is running services on Sunday and after church, he has a school that he holds services in for the kids. I believe the school promotes his church and allows him to use the school. Absilutely amazing!

Our church plants are going well all around. People are still getting saved and baptized!!! Praise the Lord! The schools are open and ready for preaching! Pray that all the resources come in (some already have) for the school preaching. We could easily preach to several hundred thousand with the resources and that is a low estimate.

I would ask you to pray that funds come in for a vehicle. We have had a donation come in for \$5,000 but vehicles here are like \$30,000 because of the tax being so high. We currently have 1 vehicle for all of our ministries and it is high mileage. We are trying to have a vehicle for the ministry because we go so much. Please pray the funds come in. We have not taken a furlough in 7 years except for a quick trip to visit family. I don't want to leave for 6 months to try to raise money for a vehicle. Please pray we can get that financed from somebody.

God Bless and thank you so much!

Eddie Arold
