Happy Easter!!!

An update from
Timothy and Jennifer Bundy

BIMI Africa Director, Eric Bohman, and his wife, Lori Bohman, came to visit us!

Greetings from Tim, Jenn, and Charles Bundy! We just had a wonderful Friday night Easter church service glorifying God in worship and hearing from His Scriptures the clear Gospel of Christ's death, burial, and resurrection. Praise the Lord for HE IS RISEN!

Our Amharic language school is going very well! It is continually compounding and becoming very complex. It is very exciting and fulfilling to communicate natively more and more.

As Ethiopia's inflation and cost of living have increased, we praise the Lord for providing us with some much-needed budget relief in allowing us to move to a new house with much cheaper rent. It was a bit of a fixer-upper, but with some tough love, elbow grease, and a few weeks of time and friends to help, we have now moved and settled into our lovely new home! We are so thankful for the Lord's provision and blessings!

I once again ask you to pray specifically for Jamaal and Mohammed. They have gone out of their way to be such a help and friends to us. They are devout Muslims who live at their mosque. Jamaal is actually the caretaker for his mosque. Jamaal has so far rejected the Gospel; however, Mohammed has just this week barely started to open up, asking a few questions, and allowing us to talk about Jesus. The Holy Spirit is at work! Please pray for both of them. It breaks my heart to see these dear friends of ours so committed to their religion, yet without any real relationship with their loving Father, Savior, and God. They'll often excuse themselves to go do their prayers, and they'll quickly lay down their rugs and passionately pray to Allah, begging for mercy from his wrath. Yet, I know from God's Word that their prayers are unheard and their faith is in vain. Please pray for them and the majority of Ethiopia, lost to devoted religion, void of the fullness of salvation from Christ alone.

Please pray that Jenn's pregnancy and Charles's birth will go smoothly, that they will be healthy, and that the visa and citizenship process will proceed with no problems. We are so very excited! If you would like to send something from our baby registry, my parents will be bringing it all when they visit in August!
